

Discover the life of young people in **Armenia**!

Dear colleagues,

Once again, Youth Exchanges without Borders is organizing a youth project in the South Caucasus. Over six days (+2 travel days), we will explore the lives of young adults in Armenia, with a special focus on globalization and its impact on youth perspectives. As part of the project, we will visit various institutions on site, including a youth center, an organic farm, and an export-oriented company.

Furthermore, we will immerse ourselves in Armenia's culture, heritage, and nature. Among other activities, we will visit a remote village, explore some of the most beautiful monasteries in the region, and enjoy a bonfire night with the locals. Additionally, we will spend a day in Yerevan, Armenia's capital, for sightseeing and shopping.

No prior knowledge is required. Youth Exchanges without Borders simply expects active participation and engagement in discussions and workshops.

The project will take place in Hermon (Vayots Dzor province, Armenia). All workshops will be conducted exclusively in English, so a good command of English is required. When selecting participants, we will consider gender balance and language diversity within Switzerland.

Important note: The condition for the implementation of the project is support from the Movetia Foundation.
